Subject: Jackson Township: Prayer house

This is an enquiry email via <http://jacksontwpnj.net/> from:
Keary Smith <smithtkm@optonline.net>

This past Saturday I was driving home and I got the light at Woodlane and New Prospect red, as I sat there I witnessed many Jewish males coming out of a residential house at 146 New Prospect Rd. I used to know the family that lived in this house and it is a residential house! I do not think that the zoning at this location has changed! This is a accident waiting to happen cramming all those people into a small house . Please check into this! Thank you
